MEMORANDUM FOR: Chief, Budget Division, Office of
Planning, Programming and Budgeting

SUBJECT: Recommended Revision of Program
Status Reports

REFERENCE: Memorandum from C/BD/O/PPB, same
subject, dated 4 February 1969,
PPB-69-0044 and DD/S&T-483-69

1. The suggested revision mentioned in reference has been reviewed by members of this staff and also by Budget and Finance officers of the Directorate. The results of this review indicate that the adding of a new column would not be beneficial inasmuch as the control of Directorate funds is not on a program level.

2. We would not be opposed to this recommendation being approved, however, we do not feel that it would be advantageous to this Directorate, and therefore are not in a position to indicate any savings that may accrue.
